

- 1) Network architecture: [784, 300, 100, 10]
- 2) Accuracy of classifying training set:  
Testing results on 60000 accuracy of 0.9963666666666666
- 3) Accuracy of classifying test set:  
Testing results on 10000 accuracy of 0.9725
- 4) Epoches used for training - 100
